Care Worker's Job

Care worker's Day Flow

I don't know what care workers do.

I will show you how interesting being a care worker is.

1 Mobility assistance

8:00~

Let's walk slowly.

I am feeling well today.

Avoiding accidents, we very carefully check her current condition.

2 Watering on the Verandah

9:30~

This flower is beautiful.

Oh! It's like me.

We can gain confidence by doing things ourselves.

Photos cooperation of Nursing Home Wakamiyanomori

3 Recreation

10:20~

Recreation can be an effective rehabilitation.

Worthwhile

I am happy when users smile and say "Thank you". They can tell me about their mind, their body and their way of living. I am deeply impressed and appreciate the discovery and the pleasure of the power of the human spirit.

Qualifications in the field of welfare

Care Worker

Registered and certified care workers through their expert knowledge and skills, nurse those who have difficulty in leading their daily lives due to physical or mental disabilities (including from 2016 supine suction) and give nursing guidance to carers. --Paragraph (2) Article 2,

4 Walking

11:00~

Where shall we go today?

I want to go to the courtyard.

Good idea! It's a fine day today and will make us feel good.

7 Bathing assistance

15:00~

How do you feel?

Are you itchy anywhere?

I am feeling good!

Talk to them in a relaxing voice and check the body when bathing.

6 Gardening on the Verandah

14:00~

Wow!

Here are some fruit!

Watching living things grow and growing living things makes us stronger.

5 Eating assistance

12:00~

Lunch time!

It looks good!

We take care about the amount and menu for him.
